Our Services

Our Technology Services In Detail Continued

Network Setup & Management

We Can Setup & Support A Network Of Any Kind. We can install a network with all of the necessary infrastructure, and equipment, as well as support it (including the computers & devices on it) & Support Existing Networks.

Web Hosting & Management

We Can Host And / Or Manage An Existing Or New Website. Our Host is constantly updated with the latest security and stability updates and is secure for peace of mind. Our Server Is Extremely Reliable With Monthly Uptimes Between Updates.

IoT Device Setup & Maintenance

We Can Setup & Manage Any Device, Such As An Amazon FireStick Or Android Tablet. We Can Also Help Install Apps & Scan Devices For Malware. We Also Can De-Clutter And Optimise Any Device.

Cloud Support

We Can Remotely Support Any Device From Anywhere In The World. If You Have An Issue With Your Device, Just Contact Us And We Will Walk You Through Letting Us Connect Through The Cloud.

What We Offer

We currently offer a few different technology services: Custom Computers & Support, Hardware and Software Setup And Support, Network Setup & Support, and Malware Scanning & Removal, so you don't have to worry about hiring & staffing an in-house IT team. Included with these services is concierge service, where we will, as long as its in Westchester, Rockland, or Putnam Counties in NY, head to the location and either pick up the device / system, or do the repairs, and/or maintenance at the location or at ours, and budget pricing, where we will negotiate a price with you, that works best for everyone.

We currently offer a few different office services: document dictation and proof reading, office setup, audio visual equipment setup and maintenance, and document scanning and printing and more, so you don't have to worry about time constraints. Included with these services is concierge service, where we will, as long as its in Westchester, Rockland, or Putnam Counties in NY, head to the location and do the service at the location, and budget pricing, where we will negotiate a price with you, that works best for everyone.
